

# Satyam kumar jha

Full Stack Developer — MCA @ IIT patna X IIIT Ranchi —

📞 +91 8102923947    ✉ satyam.ac.in@gmail.com    🔗 LinkedIn    🐙 GitHub    Portfolio

## Professional Summary

Full Stack Developer with hands-on experience building scalable web applications using React.js, Node.js, Express.js, PostgreSQL, and MongoDB. Skilled in developing RESTful APIs, implementing secure authentication (JWT, bcrypt), integrating AI-powered features, and building responsive user interfaces. Strong foundation in DSA, DBMS, Operating Systems, Computer Networks, and System Design, with a passion for developing scalable, high-quality software.

## Education

|                                                                                                   |           |
|---------------------------------------------------------------------------------------------------|-----------|
| <b>Master of Computer Applications (MCA)</b> , IIT Patna X IIIT Ranchi<br>CGPA: – / 10 (Pursuing) | 2026–2028 |
| <b>Bachelor of Computer Applications</b> , Patna Science College<br>CGPA: 9                       | 2023–2026 |
| <b>Senior Secondary (Class XII)</b> – CBSE, Delhi: 90.4%                                          | 2023      |
| <b>Secondary (Class X)</b> – ICSE, West Bengal: 87%                                               | 2021      |

## Technical Skills

**Languages:** Java, Python, JavaScript, C  
**Frontend:** React.js, HTML5, CSS3, Tailwind CSS  
**Backend:** Node.js, Express.js, REST APIs  
**Databases:** MongoDB, PostgreSQL (Basics)  
**Authentication:** JWT, Bcrypt (Basics)  
**Tools:** Git, GitHub, Cloudinary (Basics), Vercel  
**Core CS:** Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks

## Experience

**Technical Intern** June 2026 – July 2026  
*Gulmohar Maitri Foundation*

- Conducted a comprehensive website audit and proposed UI/UX, performance, and accessibility improvements for the organization's website.
- Performed SEO research and provided actionable recommendations to improve search engine visibility and website traffic.
- Served as the Tech Lead for the theater event *Operation Sindoor*, managing the technical setup and coordinating the team to ensure smooth event execution.
- Collaborated with cross-functional teams, demonstrating leadership, problem-solving, and effective communication in a fast-paced environment.

## Projects

**Hospital Resource Management System (Final Year Project)** MERN Stack

- Developed a full-stack web application to streamline hospital resource management, including patient records, doctor appointments, and resource allocation.
- Led the development of the frontend, backend, and RESTful API integration in a team of four members.
- Built responsive React.js interfaces, developed secure Express.js APIs, and integrated MongoDB for efficient data management.
- Collaborated using Git and Agile practices to deliver a scalable and user-friendly healthcare solution.

**PulsePlay AI (Ongoing)** React.js, Node.js, Express.js, PostgreSQL, Gemini AI

- Building an AI-powered sports engagement platform that delivers live match interactions, AI-powered insights, and personalized fan experiences.
- Developing scalable REST APIs, secure JWT authentication, and responsive React.js interfaces.

- Integrating Gemini AI to provide intelligent sports conversations, match analysis, and interactive user assistance.
- Following modern full-stack development practices with focus on scalability, performance, and clean architecture.

## Smart Blind Assistance Stick

Arduino Uno, Embedded C

- Designed and developed an assistive device to improve mobility and safety for visually impaired individuals.
- Integrated Ultrasonic (HC-SR04), IR, Water, and LDR sensors for obstacle detection, staircase detection, water hazard detection, and automatic light sensing.
- Programmed Arduino-based sensor logic to trigger vibration and buzzer alerts in real time.
- Developed and validated a functional hardware prototype through sensor integration and circuit testing.

## Leadership & Achievements

---

- Won the Inter-School Cricket Championship as **Team Captain**, leading the team throughout the tournament.
- Selected as **Team Leader** for Smart India Hackathon (SIH), leading the team through ideation, solution design, and project development.
- Won the College Internal Hackathon as **Team Leader** by developing an innovative full-stack solution.
- Participated in the **Google Build with AI Hackathon** as Team Leader, leading a team of three members to build an AI-powered application.

## Certifications

---

- Google Cloud Skills Boost Badge – Awarded for actively participating in the Google Cloud Hackathon and contributing to a cloud-based solution.
- Google Build with AI – Certified participant in Generative AI and AI-powered application development.
- Building Data Analyst AI Agent – Analytics Vidhya.
- Completed a comprehensive Web Development program through Udemy covering frontend, backend, databases, authentication, deployment, and full-stack application development.

## Conferences, Workshops & Professional Development

---

- Participated in the **Google Build with AI** program, gaining hands-on experience with Generative AI, LLMs, AI tools, and modern full-stack development workflows.
- Attended **GDG Patna DevFest 2025**, exploring cloud computing, software engineering best practices, developer ecosystems, and emerging technologies.
- Participated in the **AI Impact Summit 2026** (New Delhi), engaging with experts on Artificial Intelligence, innovation, and the societal impact of emerging technologies.
- Participated in the **Google Cloud Hackathon**, collaborating in a team to develop a cloud-based application using modern development practices.

## Beyond Code

---

- Passionate about building technology for social impact
- Active participant in AI communities, hackathons, and developer events
- Enjoy leading cross-functional teams and organizing technical initiatives
- Cricket enthusiast and Inter-School Championship-winning captain

## Languages

---

- Hindi (Native), English (Professional Working Proficiency)
